

**Merchants!**  
**Want to lower your**  
**monthly credit card processing fees**  
**AND**  
**give back to the community**  
**without incurring additional costs?**

Join other merchants saving money and giving back to the community through the *Community Cents* program at A Charity for Charities.

*Community Cents* raises funds through credit card processing fees paid by merchants to Axia Payments (Axia) a registered merchant service provider with almost \$2 billion in annual processing. A percentage of the credit card fees paid to Axia will be sent to A Charity for Charities on behalf of the merchant. The merchant will designate one or more nonprofit organizations to receive the funds on deposit at A Charity for Charities.

To see how much you can save on your monthly credit card costs:

- Fax your current merchant credit card statement along with the cover sheet to 1.877.361.1712. For questions contact Julie David at A Charity for Charities at 949.361.6563.
- A no cost, no obligation side-by-side analysis will compare your current merchant processing costs and Axia's merchant processing costs.
- The analysis will show your monthly and annual savings using the Axia service.
- **Analysis and all records are confidential.**

To sign up with Axia

- Complete the application form and fax it along with other required documents.
- The Application Information Guide lists the documents necessary.
- If you are also an Internet Merchant, fill out the MOTO application form.
- Zac Ernst, the regional sales representative from Axia will work with you through the approval process. Approval can take place within 48 hours once all paperwork and required attachments are submitted.
- Upon approval, Axia's staff will provide instruction via telephone how to reprogram existing merchant terminals.
- Axia will follow-up on upgrade requests or new equipment purchases if requested.
